

“BUILDING HOMES AND
LIVES FOR
UKRAINIANS WHO LOST
EVERYTHING”

WHY MOVEUKRAINE WAS ESTABLISHED?

- There are 6.3 million Ukrainian refugees*
- 5 million are internally displaced persons (IDPs).
- 76% of refugees and 82% of internally displaced Ukrainians intend to return home
- In 2022, more than 950 000 Ukrainian migrants lived in 5670 collective centers** in 14 regions of Ukraine. Many centers are ineffective and need to be consolidated, and managed. Municipalities and UTCs*** have little capacity and no money.
- Among those IDPs: 60% are women, 25% are children, 25% are pensioners, and almost 200,000 are people with disabilities.
- State assistance consists of 2000 UAH (53 USD) per month for each adult and 3000 UAH (80 USD) for children and people with disabilities.

“BUILDING HOMES, JOBS AND LIVES FOR UKRAINIANS WHO HAVE LOST EVERYTHING”

REFURBISHING AND REPURPOSING BUILDINGS **THROUGH LOCAL PROCUREMENT AND LABOR**, PROVIDING HOMES FOR INTERNALLY DISPLACED PEOPLE (IDPs).

BUILDING LONG TERM SOCIAL AND LOW RENT APARTMENTS FOR IDPs.

PROVIDING JOBS THROUGH DE-RISKED AND CAPACITY STRENGTHENING PROGRAMS FOR INVESTORS IN THE CONSTRUCTION AND AGRICULTURAL SPACES IN UKRAINE.

LIVES THROUGH PROGRAMS LIKE KIDSKONNECTUKRAINE.

WE CANNOT WAIT UNTIL THE WAR IS OVER

- Many IDPs live in school gyms and in other unsatisfactory living accommodations.
- Ukraine needs low income, social housing to stabilize the internal housing dilemma but also to attract Ukrainians living abroad.
- Due to the war, state mortgage programs were suspended and there are no alternative financing options.
- Local construction solutions are low cost and key to resolving the immediate needs.
- In order to ultimately solve the housing dilemma, public private partnerships with IFIs* and investors are vital. Legislation on housing for IDPs is needed.
- Rehabilitative infrastructure and services are critically needed. PTSD is by far the most insidious psychological problem for IDPs. Also, handicapped veterans are returning home and need to be treated.

- Collaboration with city officials, parliamentarians and heads of missions to discuss IDP issues and legislation and to consolidate our collaboration in accommodating IDPs;
- In the last months we have delivered 42 000 liters of bottled water and water filtration systems to Kherson, Zaporizhzhia, and Dnipro oblasts after the bombing of the Kahovska Dam;
- A new shelter is being renovated in Valky, Kharkiv region, Eastern Ukraine for 60-100 IDPs, where 460 000 IDPs live in dire conditions. Many of them are pensioners or people with disabilities;
- Completed renovation of an apartment complex in Irpin (Kyiv Oblast) that was destroyed by Russian tanks;
- Nominated as an implementation partner with IOM (International Organization of Migration) to build and maintain collective
